

MessageSync®

Syncing Messages Instantly

MessageSync®

Portal

MESSAGESYNC® PORTAL IS A CLOUD BASED, MESSAGING PLATFORM THAT ENSURES RELIABLE AND SECURE DELIVERY OF CRITICAL AND TIME SENSITIVE INFORMATION.

NO SOFTWARE OR HARDWARE TO PURCHASE, MAINTAIN OR UPDATE.

ONLINE DIRECTORY

User-Friendly – Quick and efficient-locate any contact by name, office phone, cell phone, email, department, cost center, job functions, group contacts, or fax number and send the message. Accessible from any web-ready device.

COMPLETE AUDIT TRAIL

All messages are logged – crucial for today's compliance standards! Includes sender, recipient, device and acknowledgement if available per device.

MESSAGING

Efficiently deliver messages to individuals and or groups by sending messages to pagers, cell phones, smartphones, email and other messaging devices.

COMPLETE SECURITY

Utilizes 128 bit SSL encryption to keep your information secure. Permission levels based on authenticated user login. MessageSync Portal records all application changes to contacts, scheduling and forwarding.

STREAMLINE COMMUNICATION

Canned message templates streamline communication of regularly dispatched information.

SCHEDULED DELIVERY

Create schedules for activating/deactivating devices, participation in or out of group messages or forwarding of messages to other users.

View scheduled and processed events.

CUSTOMIZATION

Import your company logo and color theme.

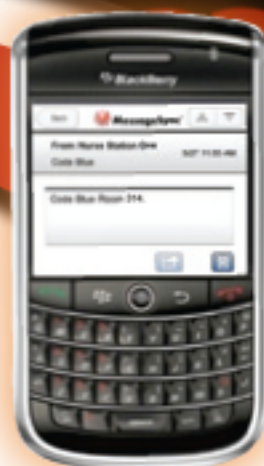

MessageSync® Mobile

**MESSAGESYNC® MOBILE
